Suggestion for the Tirana Communiqué

Last Modified: January 10, 2024

## **Task Force on the Review of the Rules and Regulations for the Governance of the European Higher Education Area**

### **Suggestion for the Tirana Communiqué**

The below has been shared with the Drafting Group on 10 January 2024

After almost three decades, we wish to put the European Higher Education Area on a firmer footing. We therefore:

- Adopt the rules of Procedure of the EHEA
- Ask the BFUG to adopt rules of procedure for its own work, at its first regular meeting following this Ministerial conference
- Decide to modify the arrangements for the EHEA Secretariat so that the Secretariat will be established for a longer term horizon
- Agree that the financial support for and the governance of the Secretariat shall be shared among the members of the EHEA;
- Ask the BFUG to ensure that the new secretariat arrangements be effective as of 1 July 2027, in agreement with Appendix X(Roadmap)
- Decide that these arrangements shall be assessed after the completion of the 2030 – 33 work program
